Hawley Hall High School

Context

Hawkey Hall is a high performing, heavily oversubscribed, mixed comprehensive school of around 1182 students. The school was graded as good in all areas by Ofsted in February 2019.

We see successful education as a partnership between parents, students, and ourselves. Links with parents are of paramount importance, with regular and frequent contact via parents' evenings, reports, newsletters, and the school planner contributing to a continuing dialogue about the curriculum we provide for our children.

Facilities

The school is situated in the southwest of Wigan, close to the M6 motorway, in an area of substantial private development. A wild fowl nature reserve borders the school grounds providing an open attractive outlook to the site.

We provide bespoke facilities for students across all of our 9 faculty areas. We strategically invest in our ICT and site. For example, in the last 12 months we have invested over £600,000 in our design technology area to support the further development on STEM learning. Further information on this can be found in the pack.

Commitment to CPD

Staff development is also at the heart of our school. All staff engage in regular professional learning in faculty and beyond. Staff in leadership roles are supported internally and are encouraged to engage in additional training through the national programme of NPQs. Indeed, a number of our colleagues who have been Lead Practitioners have gone on to further senior roles in the school.

The Rowan Learning Trust (RLT) was established as a Multi-Academy Trust in 2012 to maximise potential of all children, students, and adults in our schools and to support them in their journey to become outstanding.

Currently the RLT family comprises six schools: three high schools, an all-through alternative provision academy and two primary schools. Together we share a set of common values:

- Mutual respect
- Fairness
- Equality of opportunity
- Individual growth
- Kindness

We believe in an inclusive workplace – one that is built on fairness, merit, and respect to help our employees perform to their greatest potential.

Technology Department Facilities

In 2023, the school opened a bespoke facility of 3 fully resourced workshops. The department consists of 3 full-time members of staff and a full-time technician.

The faculty has significant machinery to support learners including:

Wood lathes

- Band Facers
- Pillar Drills
- Laser Cutter
- Vacuum Former
- 3D Printers
- Thermal Press

The department provides extra-curricular opportunities for students including attending STEM events, robotics and Scalextric clubs.
